मानिसको जिन्दगी एक सासको अन्तरमा पर्छ

मानिसको जिन्दगीको प्रकृया एक सासको फासलामा छ। एक चोटी सास रोकियो भने मानिस मर्दछन्।

मानौं म सय वर्ष वाच्न सक्छु। (साच्चै लाखौं मानिसहरु वीच कति जना जति चै सय वर्ष वाच्ने होला)

एउटा मान्छेले सास फेर्ने कृयाको लगभग हिसाव गरौं जसले सोन्ह (१६) चोटी एक मिनेटमा सास फेर्छ भने उसले ६०X१६=९६० चोटी एक धण्टामा सास फेर्छ। एक दिनमा २४ घण्टा हुन्छ भने उसले दिनमा २४ X९६० =२३०२० चोटी सास फेर्छ। वर्षमा ३६५ दिन हुन्छ भने उसले ३६५X२३०४० =८४०९६०० चोटी सास फेर्छ। भने पछि सय वर्षमा उसले ८४०९६०० चोटी सास फेर्छ।

प्रत्येक चोटी म सास लिएर छोड्छु, म एक सास गुमाई राख्या हुन्छु। म प्रत्येक दिन मा २३०४० सास गुमाई राख्या हुन्छु। हाम्रो वाच्ने अवधि जो कोही दशौं वर्ष हुन्छ मैले अन्तिम सास फाल्दा अन्त्य हुन्छ।

यसबाट हामी देख्छौं जीवन साच्चै छोटो र अस्थायी छ।कति मानिसहरु भन्छन् "वच्चा जन्मने वित्तिकै मर्न थाल्छ।"

साच्चै जुन दिन हामी मानिस भएर जन्म लियौं त्यसै दिनबाट हामी मृत्यु तिर हिड्न थाल्छौं।

यो जीवनमा के कस्तो चिज छ जस्को लागि यो संसार मा हामी झुण्डीएर वस्नको लागि ?

The Life Of
A HUMAN BEING
Is Within His One Breath.....

The Human's life exists within the process of one breath. Once the breath is stopped, the man will die!

Suppose I were able to live for one hundred year.(Indeed, among the millions of people, how many can really live for one hundred years?).

Just take an average count of breathing of a man who can breathe for sixteen times within a minute, then in an hour he will breathe 60 x 16 = 960 times. In a day which consists of 24 hours, he will breathe for 24 x 960 = 23020 times. In a year which consists of 365 days, he will breathe for 365 x 23040 = 8409680 times. Then in a hundred years he will breathe eight billion four thousand million time.

Every time when take in the air and sent it out, I will be losing one breath.....Oh, poor me, everyday I lose 23040 breath. In a year's time, I will be losing 8409680 breaths. Our lifespan which amounts to a few tens of years will come to an end when I have finished sending out the last breath.

From here, we can see that life is indeed short and impermanent!

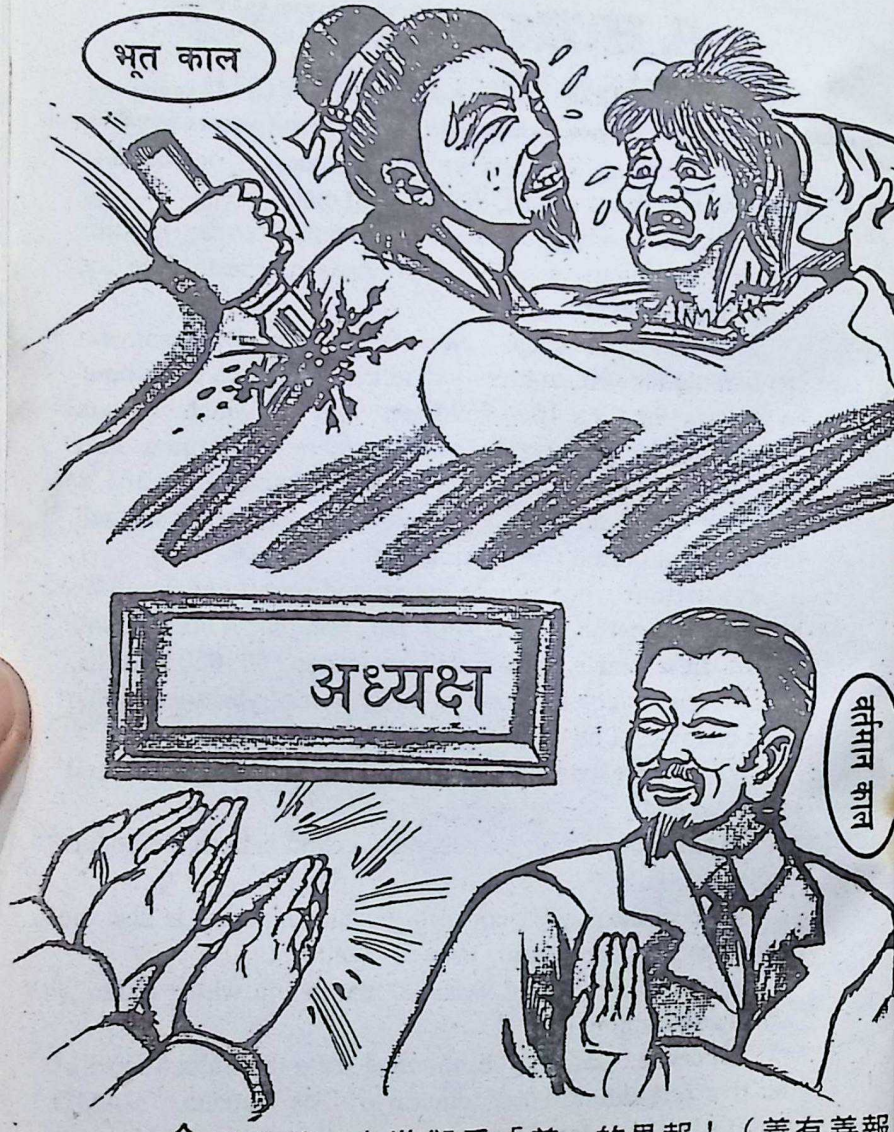
Some people say, "As soon as a child is born, he begins to die".

Indeed, the day we come to the human realm, is also the day when we start walking towards death!

In this Saha World, what is that in life which is really worth our clinging to?

Because I want to be liberated from the Saha World of the five turbidities, I am mindful of The Buddha, "NAMO AMITABHA". May I be born in the Pure Land of Ultimate Bliss!

一生行善卻不得好死，因前世惡果今世已先成熟！



● कारण र परिणामको इनाम र वदला ●

कारण र परिणामको काम तिन पुस्ता सम्म लम्बिएको छ, यसले पहिलेको जीवन र अर्को जीवनलाई सम्बन्ध गरेको हुन सक्छ। यो हिजो आज र भोलीको सम्बन्ध पनि हुन सक्छ यो अझ घटेर आखिरी समय र अर्को समय हुन सक्छ।

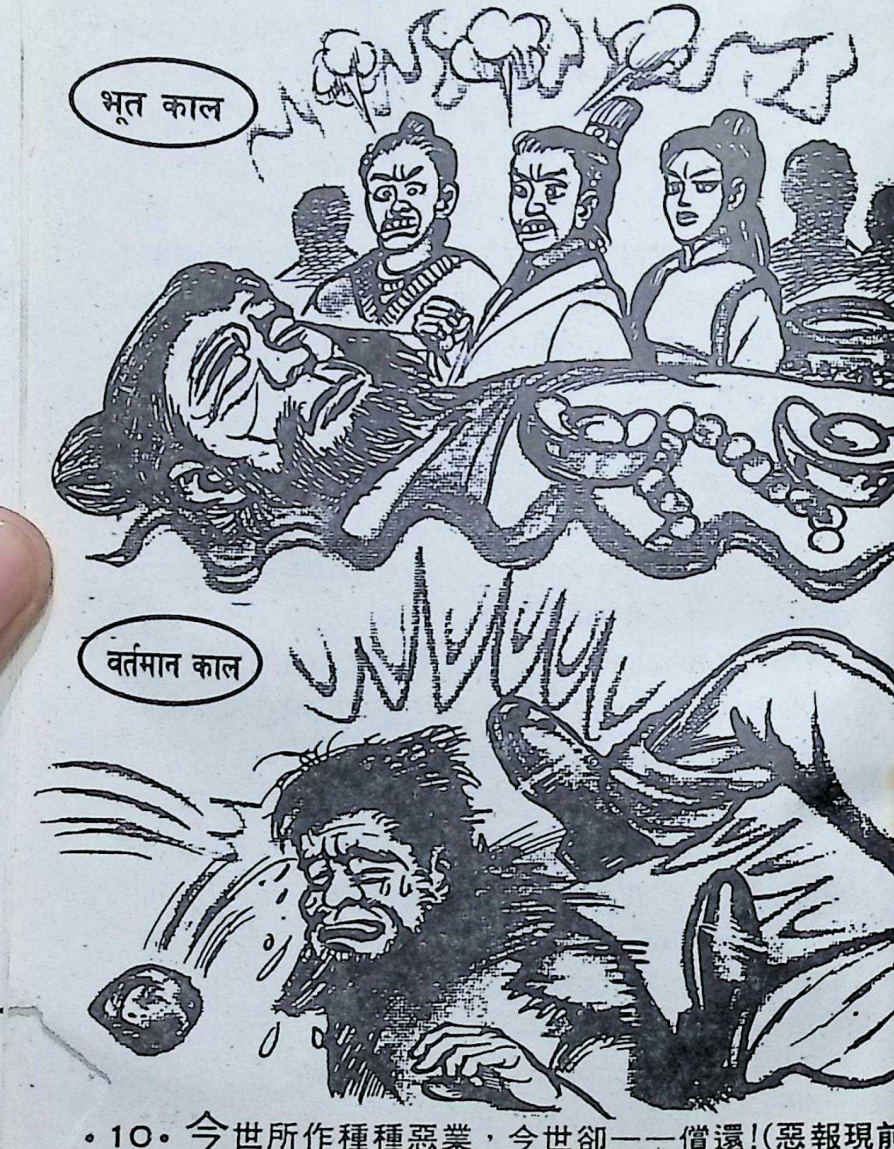
कति मानिसहरु राम्रो काम गर्छन तर उनिहरुको अन्त्य नराम्रो संग हुन्छ। किन ? किनभने उनिहरुले रोपेको राम्रो कार्यको वीउ मौलाएको छैन। तर नराम्रो कार्यको वीउ पहिला मौलाएछ त्यसको ठीक विपरित कतिपय पापी मानिसहरु जो जिन्दगी भरि कुकार्य गरेका हुन्छन्, तिनिहरुको अन्त्य राम्रो संग हुन सक्छ। यो किनभने उनीहरुले आफ्नो ईनाम सच्याइ सकेका छैनन्। भविष्यमा जव उसको पापी वदला पाक्छ उसले आफ्ना अपराधको फल भोग्नु पर्छ। एउटा भनाई छ। "राम्रा व्यक्तिहरुले इनाम उज्जाउछ।" त्यसै वखत पापीहरु सजाय भोग्नु पर्छ। यदी त्यो परिणाम उनिहरु माथी आएन भने त्यसको कारण समय अलि आएको छैन जसले कारण र परिणाममा विस्वास गर्छ। उनीहरुले बुझ्छन् राम्रो कार्यले भविष्यमा ईनाम ल्याउछ भनेर। उनीहरु घाटामा पनि तयार हुन्छ जस्ले कारण र परिणाममा विश्वास गर्छ। अरुलाई फाइदामा रमाउन दिन सधै तयार हुन्छ। उनीहरुलाई थाहा छ "जित उनीहरुको हुन्छ, जसले घाटा लिन्छ।

यो किताबको खोलमा कारण र परिणामको एउटा उदाहरण छ।

पहिलाको जीवनमा यसले मलाई मारेको थियो यो जीवनमा यसलाई मार्छु। किताबको पछि भागमा छ "तिमि यसलाई यो जुनीमा खाउ अर्को जुनीमा त्यसले तिमिलाई खाने छ।"यो अर्को एउटा कारण र परिणामको उदाहरण हो।

सबै धर्म खोक्रो छ तर कारण र परिणाम खोक्रो छैन। यो मार्नेको कार्य सधै भरि चल्ने छ। यो संसारमा खास साँचो शान्ति छैन।

因前世善報大之故，今世雖無惡不作，死後卻風風光光！



The Reward And Retribution Of CAUSE AND EFFECT

The working of cause and effect extends to three periods of time. The relationship may involve the former lifespan and the future lifespan. It may be the relation of yesterday, today and tomorrow. It can further be shortened to the last minute, this minute and the next minute; until the former kshana, this instant and the next kshana.

There are some people who practise good deeds but get a bad ending on their death. Why? This is because the good causes which they have planted have not ripened yet. Instead the bad effects have ripened first! On the contrary, some evil men who have created all bad deeds throughout their life receive a good death. This is because they have not finished exhausting their reward.In future when the evil retribution ripens, they will have to pay for their crimes. Just as the saying goes: "The good men reap the reward, while the evil ones will have to undergo the retribution. If the effects do not come upon them, it is because the time is not ripe yet."

People who believe in cause and effect understand that good deeds done will bring corresponding reward in future. People who believe in cause and effect are willing to take a loss. They are always ready to let others enjoy all benefits. For they know that "To take a loss is always the winner".

On the cover of this book, there is an example of the relationship of cause and effect;

"In the past he killed me and in this life I kill him". At the back of the book, we can see: "You eat him in this life. In future, you will be eaten". This is also another example of the working of cause and effect.

All Dharmas are empty. But cause and effect are not empty. This process of killing will continue forever. There is really no true peace in this world.

I AM A 'WORM'

The creation of a man is by fusing an ovum and a sperm.

According to the physiological specialists, in a drop of semen, there are thousands of millions of sperms. We can see them by using a high power microscope. Now, in this world there are thousands of millions of people. If we were to compare them to the density of the seminal fluid, it would only amount to a few drops of semen.

When we walk past a filthy toilet, very often we are offended by the disgusting faeces which are full of wriggling maggots. Similary, would the celestial beings, with their heavenly eyes, feel the same after witnessing the earthly beings who are as smelly and filthy?

The number of sperms in a few drops of semen will be enough to produce all the present people. And with their few drops of semen, there will come the future generation !

The passing down of the olden teaching, the progress of the civilization and societies, the history of mankind and their culture, laws, rules and systems, are all created by these few drops of semen. And they help to create this illusory world ! Wouldn't it be a little strange to think about this ?

Hence, my deduction is that I am a 'worm' and so are you. Everyone is a 'worm'. after growing up, greed, hatred, delusion and love are the deluded 'feelings' created by the 'worm' ; while birth, old age, sickness and death are the disasters of the worms. Finally, the great worm dies and ends up as a big heap of wriggling small worms. And his present lifespan is over !

According to the report of recent medical specialists, there are many kinds of worms in every part of our body. Even in a red blood cell, there are a great quantity of microscopic germs. These 'worms' are indeed very great !

Two thousand five hundred years ago, Shakyamuni Buddha had already told us about the condition of a foetus in the womb and the different actions of 'worm'. The facts which were given by the Buddha before the advancement in medical study are finally confirmed by science!

म एउटा "किरा" हुँ

फूल र शुक्रकिट मिलाएर मान्छेलाई सिर्जना गर्ने स्वस्थ वैज्ञानिकको अनुसार एक थोपा विर्यमा लाखौ शुक्र हुन्छ । हामी ति शुक्रहरुलाई शुक्ष्मदर्शक यन्त्रद्वारा देख्न सक्छौ । अब यो संसारमा हजारौ लाखौ मनिसहरु छन् उनीहरुलाई हामीले यदि विर्य को तरल पनमा हेर्ने हो भने संसारका सबै मानिस विर्य केही थोपामा सिमित हुन्छ ।

हामी फोहर चर्पीको छेउबाट हिड्दा हामी प्राय घिन लाग्दा किरा दिसामा देख्छौ । त्यसरी नै स्वर्गीय प्राणीहरु उनीहरुको स्वर्गीय आँखाले हामीलाई फोहर देखेर घिन लाग्ने होला ?

वर्तमान कालमा जति मानिस छन् त्यति मानिस बनाउनको लागि दुई तीन थोपा विर्यमा जति शुक्र हुन्छ त्यति प्रयाप्त हुन्छ । अनि उनीहरुको केही थोपा विर्यबाट भविष्यको सन्तान आउँछ ।

पुराना ज्ञान एकबाट अर्को सन्तानमा जाने समाज र सभ्यताको विकाश, मानिसको इतिहास अनि संस्कार, कानुन नियम अनि व्यवस्था यी सबै केही थोपा विर्यको कारण भएको हो । अनि तिमीहरुले नै यो भ्रमात्मक संसार बनाउछ । यो सोच्दा अलि अचम्म लाग्दैन ।

त्यै कारण, मेरो अनुमानमा म एउटा किरा हुँ तपाइहरु पनि सबै जना किरा हुन्-वढे पछि, लोभ घृणा छल अनि प्रेम धोखा मन सबै किराले उब्जाएका हुन् । जव जन्म बुढेसकाल, रोग अनि मरन चाही किराको दुर्भाग्य हो । अन्त्यमा ठूलो किरा मर्छ अनि साना स्याँऊ स्याँऊ पर्ने किरा जस्तै हुन्छ । अनि उसको वर्तमान समय सिधिन्छ ।

हालको चिकित्सा सम्वन्धि विशेषज्ञका अनुसार हाम्रो शरिरको प्रत्यक अंगमा थुप्रै किसिमका किरा हुन्छ । हाम्रो रातो रगतको थोपामा पनि धेरै किटाणु हुन्छ । यी किराहरु साँच्चै महान छ ।

दुई हजार पाँच सय वर्ष अघि नै शाक्य मुनी वुद्धले हामीलाई पेटमा भ्रुणको अवस्था अनि किराको भिन्दा भिन्दै कार्य वारेमा बताउनु भएको थियो ।

चिकित्सा शास्त्रको विकाश हुनु अगावै वुद्धले दिनु भएको ज्ञान आज वल्ल विज्ञानले पूष्टि गरेको छ ।

THE WORD 卍

In ancient India, the word 卍 was written turning to the right. In Tibet, Japan, Korea and the later India, it was turning to the left. During the reign of Hitler, the logo of Nazi was drawn slanting to one side.

This word is not a special symbol of Buddhism. In ancient India, it was a symbol of auspiciousness. Moreover, countries like Persia and Greek also use this symbol. Religions like the Brahman Teaching and the Qi-na Teaching are using this symbol too.

According to the Han's translation, there were many changes of the word. The venerable Master Kumarajiva and Xuan-Zang translated it as 'Virtues'.

The venerable Master Bodhiruci translated it as 'Wan'. Only in the second year of Longevity of Wu Zhetian was the word fixed to be 'Wan', which carries the meaning of "The accumulation of Auspiciousness and Abundant Virtues."

So the word '卍' represents auspiciousness, purity and perfect accomplishment. This symbol appears on the hair, chest, hands, feet and waist of the Buddhas and Bodhisattvas. The world 卍 encompasses all phenomena and can be seen everywhere. Besides, we can also make offering to it.

"शब्द"

भारत (इण्डिया) को प्राचिन कालमा 卐 शब्द लेख्दा दाहिने तिर घुमेको पाइन्थ्यो तिब्बत, जापान, कोरिया, अनि पछि भारतमा यो देब्रे तिर घुमेको पाइयो, हिटलरको पालामा नाजीको चिन्ह एक पछि ढल्केको थियो ।

यो शब्द वुद्ध धर्ममा खास महत्व छैन । प्राचिन भारतमा यो एउटा सुभको चिन्ह भनिनेथियो । अफ्र प्रसिया ग्रीक जस्तो देशहरुले पनि यो चिन्ह चलाउछ । यो चिन्ह ब्रामण धर्म र क्विः ना धर्म पढाउनेले पनि चलाउछ ।

हानसको उल्था अनुसार यो शब्दमा धेरै चोटी परिवर्तन भयो । आदर्णिय गुरु कुमारजी म अनि जुआन-जाङ्गले यसलाई सद्गुण भनि उल्था गर्नु भयो ।

आदर्णिय गुरु वोधिसचिले यसलाई 'वान' भनेर उल्था गर्नु भयो । वु झेसियानको दोश्रो दिर्घताको वर्षमा माथ यो शब्द 'वान' भनेर निर्णय भयो जस्को अर्थ हो 'शुभ कार्य सपार्ने या कमाउने थुप्रै सद्गुण' ।

तसर्थ यो शब्द 卐 ले शुभ, स्वच्छता अनि सत प्रतिशत कामको प्रतिनिधित्व गर्छ । यो चिन्ह वुद्ध र वोधिसत्मासको कपाल छाती, खुट्टा र कम्मरमा देखिन्छ । यो शब्दले सवै तथ्यलाई समेट्छ र यो जहाँ पनि देखिन्छ । त्यस वाहेकः हामी यसलाई केही पनि चिज चढाउन हुन्छ । १५

साधारण भनाई अनुसारः परिस्थिती खडा भएपछि मात्र एक अर्कोलाई भेट्छौं । परिस्थितिकै सिलसिलामा हामी एक अर्कोलाई चिन्छौं ।

हाम्रो राम्रो मेल हुनु पहिलेनै नियुक्ती भएको परिस्थिति हो । मेरो पहिलाको जीवनमा मैले अरुलाई महत्व दिइनु साथै उनिहरु संग सांसारिक सादृष्य नराखेको नै मेरो दुःखको विषय वनेको छ । त्यसैले जो जस्ले मलाई देखेको थिए जो मेरो नजिकैवाट हिडेर गयो मेरो मिल्ने साथी भै सकेका हुन्थे ।

अहिले म तिनिहरुको नजिक भएता पनि म उनिहरुलाई चिन्दिन । यस्तो छ जस्तै तिनिहरु म वाट टाढा वसेको जस्तो लाग्छ ।

AFFINITY

My office is situated at Jalan Petaling in Kuala Lumpur. It is also known as the 'China Town' , as the road is busy and crowded.

In this world, we meet thousands and millions of people, but seldom do we know one another. Just as the saying goes: " Without suitable condition, we are unable to know even those who are standing in front of us."

According to the common saying:

"It is the arising of condition that we meet each other. It is the continuation of condition that we know each other. And it is the predestined condition that we should become close acquaintances ....."

It is a pity that I did not value nor create more worldly affinity with others in my former lives. If so, those who have seen me, who have walked past by my side would have become my close friends by now .....

Now, even though I am so close to them, I simply do not know them. It is just as though they are staying far away from me!

From here, we can see that it is not so easy to create close affinity. So we should value those who have affinity with us and treasure this worldly condition.

जन्म दिन मनाउदा खेरी काटमार नगरौं

हाम्रो जन्म दिन हाम्री आमाको लागि धेरै दर्दनाक दिन हो । वहाँले पिडा खपेर वस्दा रगत खोला झैं वगेको थियो । त्यसै कारण हामी हाम्रो आमा प्रति श्रद्धालु भै उहाँको निम्ती राम्रो काम गर्नु पर्छ ।

ABSTAIN FROM KILLING WHILE CELEBRATING BIRTHDAY

Our 'Birthday' is the 'Day of Suffering' for our beloved mother. Blood flowed like flowing streams while she endured the pain. So we should be filial to our kind mother by cultivating all good deeds on her behalf.

सबै जनावरले आफ्नो वच्चालाई माया गर्छ यदि वच्चाको जन्म दिनमा हामीले मार काट गऱ्यौ भने हामीले दिएको आर्शिवाद व्यर्थ हुनेछ। हामीले उनीहरुको लागि राम्रो कार्यको वीउ रोप्नु पर्छ।

● ABSTAIN FROM KILLING WHEN A CHILD IS BORN ●

All animals love their offspring. If we were to kill them while celebrating the birth of our children, their blessings would be decreased. What we should do is to plant all good causes on their behalf.

● ABSTAIN FROM KILLING WHILE MAKING OFFERING TO THE DECEASED ●

If we were to kill animal as offering to the deceased upon his death or at his graveyard, we were indeed adding the bad karma to him. It is not beneficial to the deceased — as he has to undergo more suffering because of the offences.

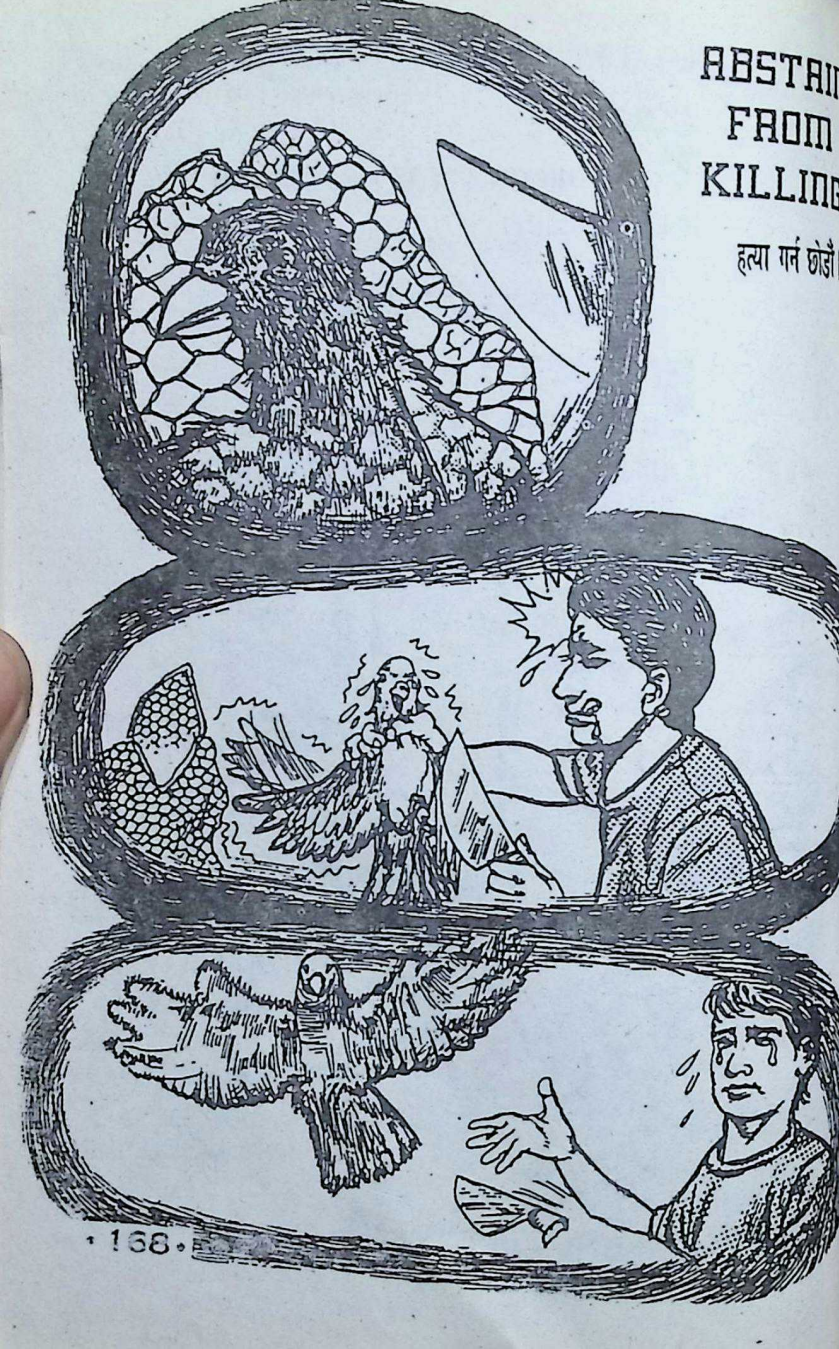
ABSTAI
FROM
KILLIN

हत्या गर्न छोड्नु



EVEN THE WORMS AND ANTS WISH TO LIVE A LITTLE LONGER

It is indeed pitiful to see the killing of living beings,
Even the tiny worms and ants wish to live a little longer;
All life-forms have the right to live under the heaven,
So please do not look down on them!

蟲蟻亦貪生

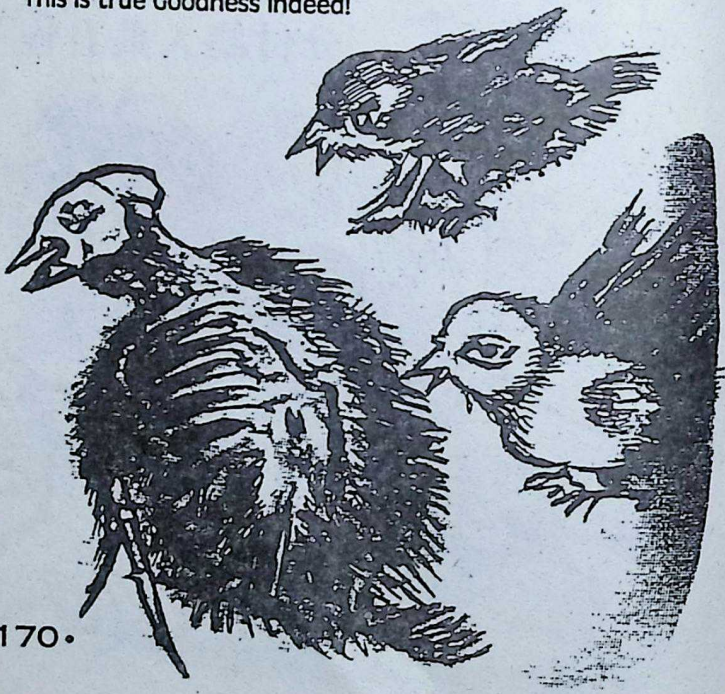
萬物傷亡總痛情，
蟲蟻雖小亦貪生；
一般生命天生就，
分付諸人莫看輕！

母親的屍骨

血食未必珍，
蔬食未必惡；
爲人子者，貴乎慎修其身；
而不覆先宗祀斯善矣！

THE CORPSE AND BONE OF A MOTHER

To partake blood and flesh may not be valuable,
And to eat vegetables may not be bad for health,
The most important duty of a man is to cultivate diligently,
So as not to bring shame upon his ancestor,
This is true Goodness indeed!



望母歸

誰道群生性命微，
一般骨肉一般皮；
勸君莫打枝頭鳥，
子在巢中望母歸！

WAITING FOR THE RETURN OF THEIR MOTHER

Who say that the lives of living beings are worthless?
The flesh, the bone and the skin are all the same,
I do wish to advise you not to kill the birds up the trees,
For their offspring are waiting for them to return to the nests!

慈悲吧！

老大哥！今世你殺我，來世我殺你！殺來殺去，輪迴不息……又何必呢？你慈悲慈悲吧！

PLEASE BE KIND AND COMPASSIONATE !

Brother! You kill me in this life. I will kill you in the next life! When will the rotation of killing be stopped? Please be kind and compassionate!

DO NOT KILL THE MOSQUITOES

We care for our body so that it will not be harmed,
We can stop killing by first abstaining from killing mosquitoes;
Do not wait till you are old only to realise your fault, for it is already too late,
So lets try to give rise to a mind of loyalty and respect towards all forms of lives!

莫拍蚊

惜身誰肯輕傷髮，
止殺先從莫拍蚊；
老負明時無補報，
惟將忠敬事心君！

A DAY FOR CELEBRATION ?

Why do we kill,
On the day when there is a celebration?
Why do we only care for the happiness of our family,
Without giving a little concern to the poor animals who are crying their hearts out?

喜慶日？

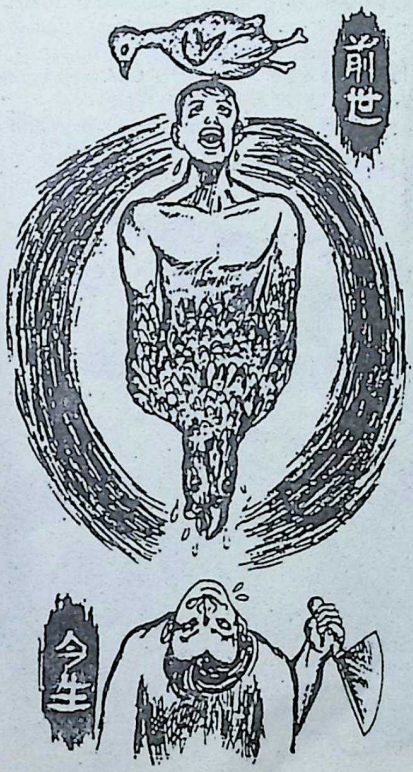
1 喜氣溢門楣，如何要斯殺？

2 唯欲家人歡，那管畜生哭？

THE FLESH OF THE LIVING BEINGS

The living beings' flesh and my flesh,
Are identical except for the names;
We share the same Dharma Nature,
But look different because of the sizes and shapes;
We increase their misery,
By feeding on their juicy flesh;
We do not have to wait for the decision of king Yama,
We can see for ourselves the sufferings that will befall us;
So please do not kill for flesh,
For such an action will create deep hatred,
When you eat them, you are creating a cause for being eaten soon,
For we are taking turns to become the creditor.

衆生肉



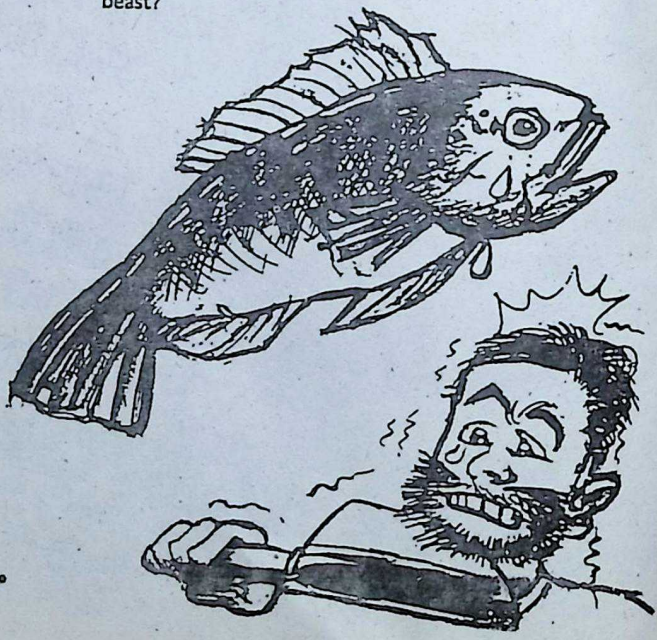
我肉眾生肉，
名殊體不殊；
原同一種性，
只是別形軀；
苦惱從他受，
肥甘為我須；
莫教閻老判，
自揣看何如；
勸君休殺命，
背面復生瞋；
喫他還喫汝，
循環作主人。

●哭無淚●

每饌必烹鮮，未見長肌肉；
今朝血濺地，明仍挖腹；
彼命縱微賤，痛苦不能哭。
殺我待如何？將人試比畜！

THE SILENT PROTESTS WITH NO TEARS

Every time we cook, we look for fresh meat,
But the meat thus eaten does not add on to our flesh;
Today we slaughter them and the blood bursts to wet the floor,
The next day we will dig out their hearts and stomach,
We feel that their life is small and worthless,
And in great agony they cannot protest the pain,
But try to imagine that if you are the one to be slaughtered,
Is there any difference in feeling between a man and a beast?

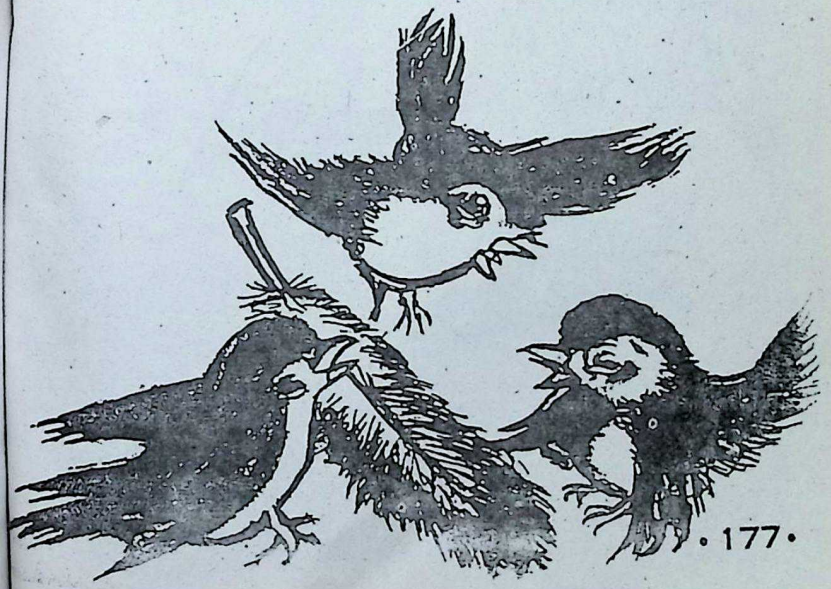


母之羽

雛兒依殘羽，
殷殷戀慈母；
母亡兒不知，
猶復相環守；
念此親愛情，
能勿淒心否？

THE MOTHER'S FEATHER

The chickens are clinging to their mother's feather,
For they still remember their kind mother;
They do not realise that she is already dead,
So they still stand around and take care of her feather;
Just to witness the love between them,
Can't you have any feeling for them?



佛 ●殘殺●

好殘忍啊！……媽媽，媽媽，你死得好慘啊……。

GREAT CRUELTY.. .. ..

Oh! Dear! What a cruel man you are!
Mother! Mother! Your death is really torturing.....

TO BE A VEGETARIAN ONLY ON THE 1ST AND 15TH DAY OF THE LUNAR MONTH

Yesterday we ate some vegetarian food,
Today we partake all kinds of meat;
We make a fire at the stove,
And boil them in the heated wok;
For one time we have created the heavenly blessings,
And for a hundred times we have created hells!

初一十五吃素

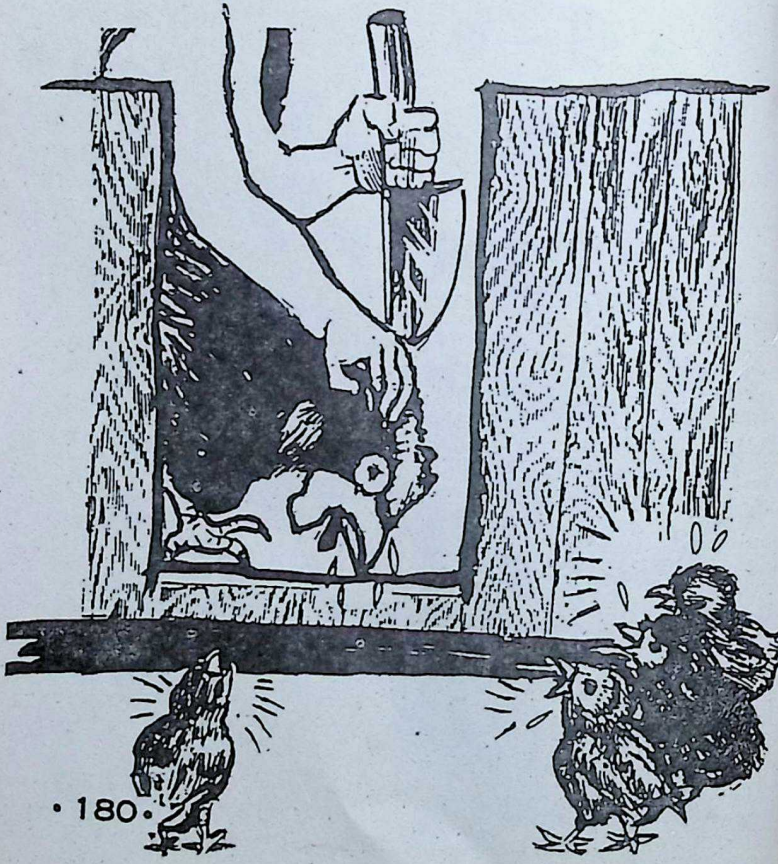
昨日設個齋，
今朝宰六畜；
爐子邊向火，
簸子裡澡浴；
一度造天堂，
百度造地獄！

DO HAVE MERCY!

Brother! Please do not kill,
Please don't kill our mother!
Oh! Oh dear.....

饒命！

老大哥！求求你！不
要殺我媽媽，不要殺我媽
媽！嗚……嗚……嗚……。

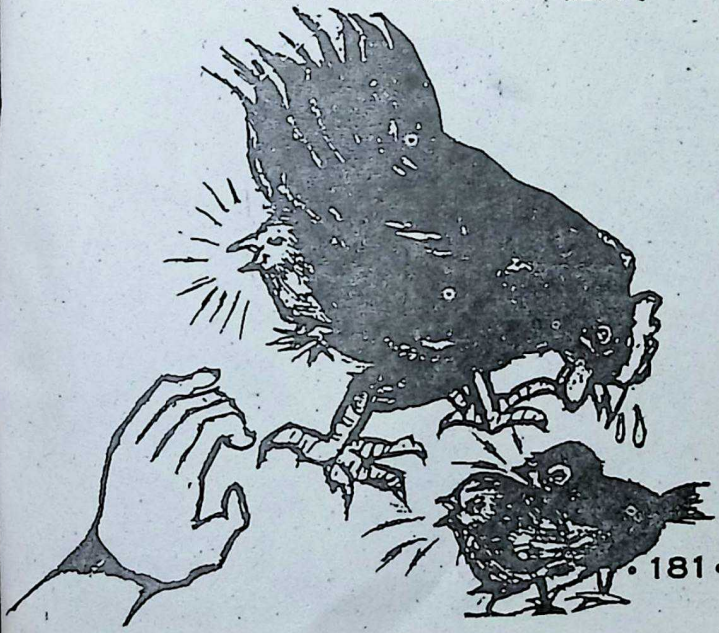


THE LOVE OF A MOTHER AND HER CHILDREN

The love of A Mother and her children exists even among the animals,
A dog will take care of its puppies and a cow will always kiss and lick its calves;
The hen will keep her chickens within her sight,
While the eels are always distressed over the safety of their off spring;
But the greedy men who wish to satisfy their palate,
Will break up their family;
The sorrow thus experienced by them is the same as men,
Except that they cannot protest with tears!

母子情

畜生亦有母子情，犬知護兒牛舐犢；
雞爲守，雛身不離，鱔因愛子常惴縮；
人貪滋味美口腹，何苦折開他眷屬；
畜生哀痛盡如人，只差有淚不能哭！



SLAUGHTERING

For hundreds and thousands of years we have been drinking the meaty soup,
The hatred thus incurred is as deep as the great sea;
If we wish to understand the outbreak of warfare in this world,
Lets listen to the screams from the slaughtering house at mid night!

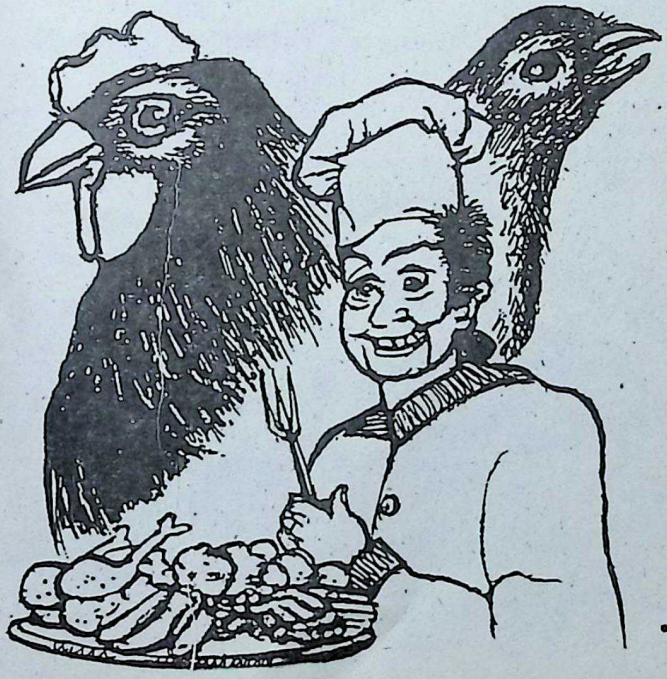
屠殺

千百年來碗裡羹，
冤深如海恨難平；
欲知世上刀兵劫，
但聽屠門夜半聲。

血肉團中有性靈！

聲與無聲莫浪聽，
無聲隱痛轉惺惺；
請君下箸睜眼看，
血肉團中有性靈！

THE KNOWING FACULTY IN THE MASS OF BLOOD AND FLESH Do not differentiate if there is sound or no sound,
The animals suffer silently but their mind is clear;
Please take a look at your chopsticks,
In the mass of blood and flesh there dwells the knowing faculty!

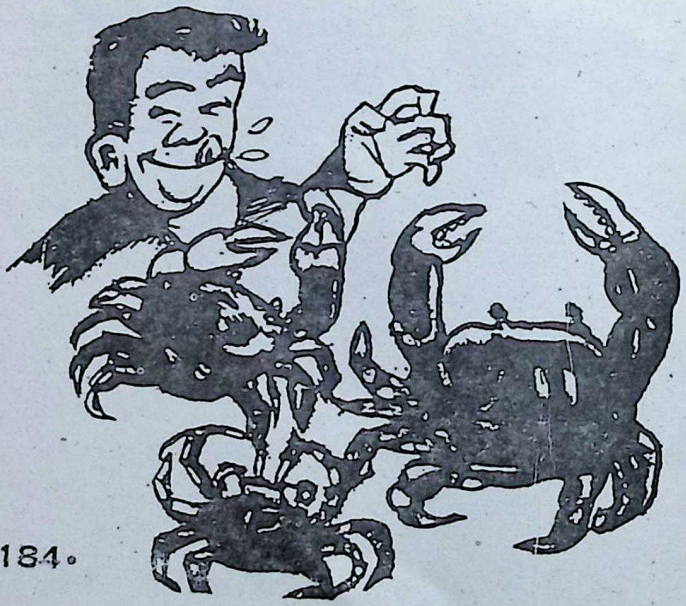


人畜命同

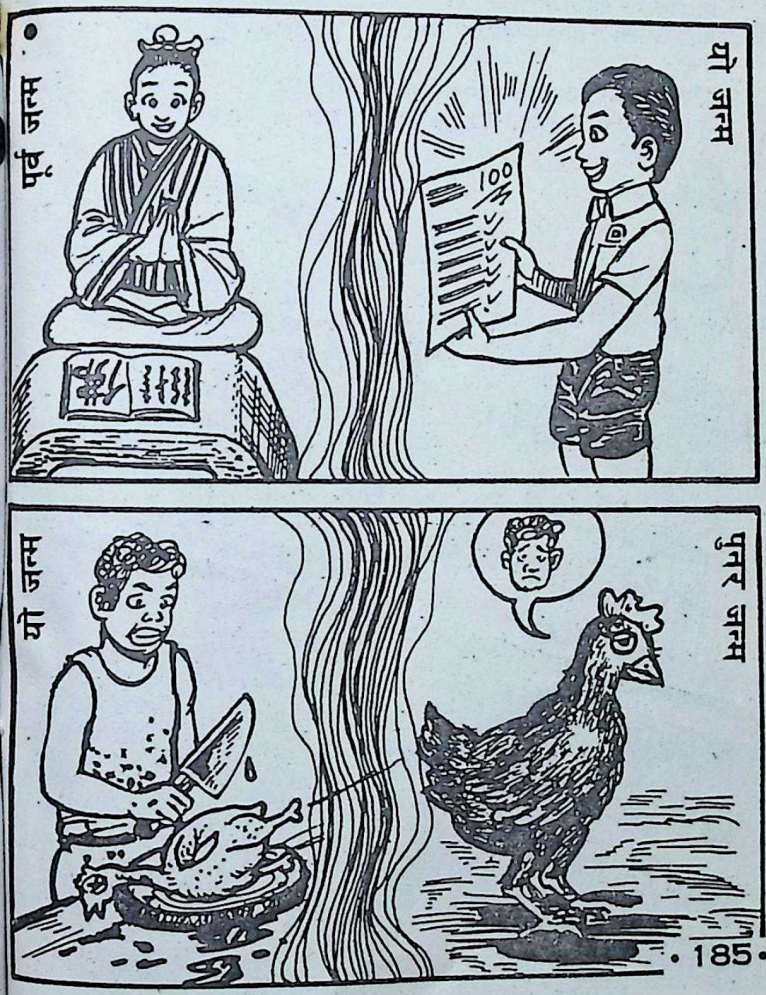
人畜雖異，
天命實同；
亦有母子之情，
亦有夫婦之配。
有仁慈者，
忍殺害乎？

THE LIFE OF A MAN AND AN ANIMAL IS THE SAME

Even though a man and an animal are different in form,
The force is the same in nature,
There is also love between a mother and her offspring,
There too exists a love - bond between a husband and his wife.
So, can a kind and humane one, kill them just for food?



○ 若問前世因果經，今生受者是其真。
● 若問後世因果經，今生作者即其因。

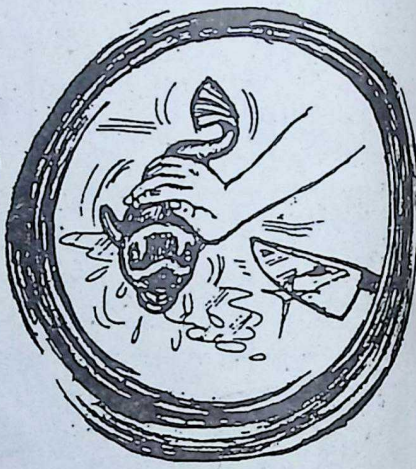


THE HENS CRY WHEN THEY SEE THE KNIFE

Just put your finger into the boiling soup,
You can feel as if your body is going to burst;
And try to poke your finger with a needle,
You will feel as if you are being cut into pieces;
When the fish is being slaughtered, it turns its sorrowful eyes at you,
And when a hen sees the knife, it starts to scream for life;
The cries of agony can be heard distinctly,
But those who listen are too dull to comprehend!

◎雞死臨刀泣◎

一指納沸湯，
渾身等欲裂；
一針刺己肉，
偏體如刀割；
魚死向人哀，
雞死臨刀泣；
哀泣各分明，
聽者自不識！



●慈悲心●

見其「生」，
不忍見其「死」！

聞其「聲」，
不忍食其「肉」！

應起悲心，
勿貪口腹！

A KIND AND COMPASSIONATE MIND

To see it alive,
We wish not to see its 'death'!
To hear its 'voice',
We wish not to eat its 'flesh'!
Do give rise to a mind of compassion,
And do not be greedy for food!

佛陀說：

『若問前生事，
今生受者是；
若問後世事，
今生做者是。』

The Buddha Says:

"If you wish to know of your previous life,
It can be revealed in what you are experiencing in this life.
If you wish to know of your future life,
It can be predicted in what you are doing in this life.
